New search engines go where Google does not

We may be coming upon a new era for the Internet search. And, despite its dominance, Google is not the only player. New search engines that are popping up across the Web strive to make searches faster, smarter, more personal and more visually interesting. [full story](#)

FIT NATION

Video: Exercise on the cheap
You don't need to spend a lot of money to get in shape. CNN's Sanjay Gupta reports

SOLUTIONS

Fuel for thought
When you think scooter, you might think of something a child would ride. Think again

COMMENTARY

We don't need more doctors
Clayton Christensen says quality health care can be provided at low cost by nurses
